All,

This will be the kick-off meeting for the Upper Animas Watershed data review and organization task order. Here are the items I have in mind for the agenda:

- 1) Introductions
- 2) Brief review of PWS and schedule
- 3) Brief review of task order context (big picture of what's happening in the watershed with respect to historical mining impacts)
- 4) Questions/Discussion

So, pretty basic. Please let me know if you have any items to add to the agenda.

Thanks,

Chris
